

In our continuous improvement, the following table shows models that have had newer style compressors put into them. In the event where you are seeking a replacement compressor for these models, please note the old compressor used vs. the new one which you will receive. This will also require a different charge than what is on the unit. Please place new label on unit for future reference.

Old P/N	Old Part Desc.	New P/N	New Part Desc.	Model	New Charge R134a (oz.)
35786C 35893C 36176C 36179C 31797C	Compr. Kit for PW3 HK7 115V Compr. PW3 HK7 115V Compr. Overload Relay Cover	98195C 36226C 36236C 36231C 35768C 66301C	Compr. Kit including Heat Exchanger EM45HHR 115V Compr. Overload Relay Cover Heat Exchanger**	ER2**	3.80 oz.
				FD7001**, FD7003**, S300**	3.20 oz.
36115C 35893C 36176C 36179C 31797C	Compr. Kit for PW3 HK7 115V Compr. PW3 HK7 115V Compr. Overload Relay Cover	36141C 36138C 36169C 36139C 35768C	Compr. Kit for EM20 115V Compr. EM20HBR 115V Compr. Overload Relay Cover	GBM (Bottle Cooler)	1.60 oz.
